- PHP, NodeJS, MySQL
- Pega UI/UX, Sharepoint

Dear,

In my pursuit of new creative endeavors, I was excited to find the Lead/Senior Frontend (UI/UX) Developer opportunity with an esteemed organization like yours. As a progressive professional with Frontend experience, I believe that I can bring valuable contributions to your team. The attached resume shows that I have the background and experience our industry demands and company needs.

Formerly in my Sr. Frontend Developer (Consultant) role, my successes have stemmed from essential skills, including **HTML, CSS, JavaScript, NodeJS, SQL, VueJS, ReactJS, SharePoint and Pega UI/UX**. I have got plenty of experience in working with various popular JavaScript frameworks like VueJS & ReactJS. Along with project works I have also participated in various POC's including **DX API & Pega React**.

I have enhanced my problem-solving abilities and cultivated a reputation as a major contributor through critical thinking and team-building. I am a collaborative team player who is always searching for opportunities to impart valuable insights. With these qualities, I am able to facilitate positive change and impacting outcomes. For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

**Santosh Ojha**
